BIOMEDICAL WASTE MANAGEMENT MANAGEMENT COMMITTEE

Biomedical Waste Management Committee under Infection Control Committee trains the staff, interns, postgraduates, attenders in regular and periodic training schedule regarding segregation of biomedical waste management and its pre-treatment, since waste should be segregated at the point of origin. It aims at 0% infection rate in the hospital.

It also aims at protecting the biomedical waste management collecting personnel to be completely protected with Personal Protective Equipments and immunization for providing quality and safe health care.

BIOMEDICAL WASTE MANAGEMENT COMMITTEE TRAINING TO STAFF NURSES

Date: 12.07.2019

Time: 2.00 pm

Venue: SS Hall

A meeting with the staff nurses of all wards was conducted as a periodical awareness programme about biomedical waste management.

A detailed explanation and description about waste segregation and disposal was reemphasized by NABH coordinator Dr.S.Vanitha. A practical demonstration was done using samples of biomedical waste and the coloured bins.

The session was made interactive by quiz sessions. The staff participated eagerly in the event and the winners were rewarded.

BIOMEDICAL WASTE MANAGEMENT COMMITTEE Training to staff nurses

Date: 17.07.2019

Time: 2.00 pm

Venue: SS Hall

A meeting with the staff nurses of all wards was conducted as a periodical awareness program about biomedical waste management.

The stickers for biomedical waste segregation to be pasted in wards were handed over to the staff in-charge of respective wards.

A detailed explanation and description about waste segregation and disposal was reemphasized by NABH coordinator Dr.S.Vanitha. The staffs' doubts regarding biomedical waste disposal were clarified.

The staff nurse was given handouts of patients' personal hygiene and general hygiene. Instructions were given regarding proper placement of stretchers and wheel chairs in the respective areas provided in the wards.

BIOMEDICAL WASTE MANAGEMENT COMMITTEE Training to staff nurses

Date: 19.07.2019

Time: 2.00 pm

Venue: Council Hall

A meeting with the staff nurses of all wards was conducted which was headed by Medical Superintendent, Resident Medical Officer and Dr. S.Vanitha, NABH Co-Ordinator.

Briefing was given regarding Biomedical Waste Management and staff were handed over with the labels of Bio-degradable and Non-Bio degradable waste to be pasted in the respective areas of their wards.

The booklet containing the feedback forms to be obtained from the patients at the time of discharge from the Hospital was handed over to the staff in-charge of each ward.

Instructions regarding the filing of the feedback forms were given. The hand wash liquid soap was handed over to the staff and the technique of hand washing was again reinforced.

BIOMEDICAL WASTE MANAGEMENT COMMITTEE Training to sanitary workers and contract labourers

Date: 26.07.2019

Time: 2.00 pm

Venue: SS Hall

A programme on triple bucket trolley and its usage was detailed and given hands on demo by Dr.S.Vanitha, Dr.Divyashanthi and Dr.B.Chithra.

An illustration of buckets and the contents of the buckets were drawn on the blackboard and explained in both English and their local language. The preparation of sodium hypochlorite solution was taught to the workers

One of the participant demonstrated the technique of hand washing to other workers. The mistakes were noticed and corrected.

The workers were instructed about the correct usage of face masks, gloves, caps and boots. Mr.T.Ambrose, junior officer and Mr.Rajendran also attended the meeting.

BIOMEDICAL WASTE MANAGEMENT COMMITTEE Training to sanitary workers and contract labourers

Date: 27.07.2019

Time: 3.00 pm
